FUZAILVERSE

Terms & Conditions

General terms for FuzailVerse apps and digital services

Effective date: 31 October 2026 | Last updated: 31 October 2026

REVIEW BEFORE PUBLICATION — Confirm the operator's legal details, governing law, paid-feature terms and app-specific requirements. This document is a general starting point and is not legal advice.

1. Agreement and scope

These Terms & Conditions (“Terms”) apply to mobile applications, websites and related digital services published or operated under the FuzailVerse name (“Services”). By downloading, accessing or using a Service, you agree to these Terms. If you do not agree, do not use that Service.

Some Services may have additional terms, purchase conditions or feature-specific rules. Those additional terms apply alongside these Terms and prevail where they expressly address a specific feature.

2. Eligibility and lawful use

You must be legally permitted to use the Service in your location. If you are a minor, you may use a Service only with the involvement and permission of a parent or legal guardian where required by law.

You agree to use the Services lawfully and not to misuse or disrupt them, interfere with security, attempt unauthorised access, or use a Service to infringe another person's rights. Restrictions on reverse engineering apply only to the extent permitted by applicable law.

3. Features and availability

Features differ by app and may include scanning, generating, storing or sharing content; productivity tools; games; utilities; or other functions described in the relevant store listing or within the app.

We may add, change, suspend or discontinue features for maintenance, security, legal, technical or business reasons. We do not guarantee that every feature will always be available, compatible with every device or error-free.

4. User content and responsibility

You are responsible for content you enter, create, scan, upload, store or share using a Service and for ensuring that you have the necessary rights and permissions.

QR codes, barcodes, links, files and other content may lead to third-party websites or services. Review a destination before opening it, downloading content, making a payment or sharing personal information. FuzailVerse does not control third-party content or guarantee its accuracy, safety or availability.

5. Intellectual property and licence

The Services, including their software, design, branding, text, graphics and other materials, are owned by or licensed to FuzailVerse and are protected by applicable intellectual-property laws.

Subject to these Terms, you receive a limited, personal, non-exclusive, non-transferable and revocable licence to use the relevant app for its intended purpose. You may not copy, modify, distribute, sell, lease or create derivative works from the Services except where authorised by us or permitted by applicable law.

6. Third-party services

A Service may integrate or link to third-party services, SDKs, websites, payment providers, analytics or advertising providers. Those services are governed by their own terms and privacy policies. We are not responsible for third-party services that we do not control.

7. Advertising and purchases

Some apps or versions may display advertising; others may not. Where advertising is present, it should be presented in accordance with applicable law and platform policies. Availability and format may vary by app, region and release.

Any paid feature, subscription or in-app purchase will be presented with its price, billing period and applicable conditions before purchase. Purchases made through an app store are also subject to that store's payment, cancellation and refund rules.

8. Disclaimers

To the maximum extent permitted by law, the Services are provided “as is” and “as available”, without warranties that cannot legally be excluded. We do not warrant uninterrupted operation, compatibility with every device, error-free results, or that content produced or scanned by an app will be accurate or suitable for a particular purpose.

An app that scans or interprets codes is a convenience tool. You are responsible for checking destinations and independently verifying important information before acting on it.

9. Limitation of liability

To the maximum extent permitted by applicable law, FuzailVerse will not be liable for indirect, incidental, special, consequential or punitive loss, or loss of data, profits or goodwill arising from use of a Service.

Nothing in these Terms excludes or limits liability that cannot be excluded or limited under applicable law. Where liability may legally be limited, it is limited to the minimum extent permitted by law.

10. Suspension and termination

We may suspend or restrict access where reasonably necessary to protect users, the Services or our systems, address misuse, or comply with law. You may stop using a Service at any time by uninstalling it or ceasing access. Terms that by their nature should continue after termination will remain in effect.

11. Changes to these Terms

We may revise these Terms from time to time. We will publish the updated version and revise the “Last updated” date. Continued use after an update takes effect means you accept the revised Terms to the extent permitted by law.

12. Governing law and contact

These Terms are subject to applicable laws. The operator should confirm the appropriate governing law, jurisdiction and dispute-resolution provisions based on its place of establishment and the markets in which the Services are offered. Do not assume a legal entity or jurisdiction that has not been confirmed.
